**June 127 years ago next Saturday since**  
Uncle Sam declared for independence.

**CITIZENS of Lincoln** want a new building for use of its Commercial club and \$10,000 has been secured for that purpose.

**A COMMERCIAL club** with more than 100 members has been organized in Central City. The club expects to capture the new Normal school for that city.

**While washing lace curtains in gasolene** last Wednesday, Miss Agnes Erickson of Newman Grove was terribly burned about the face, neck and hands.

**They find money in the ground in Nebraska.** While plowing in a corn field near Dunbar the other day, John Friede plowed up a \$10 gold coin of the mintage of 1860.

**By the will of Spencer C. Doty of** Yonkers, N. Y., the descendants of the Mayflower pioneers of his state are to come into possession of a small wooden trunk which came over in the famous ship.

**The Washington Post** notes that "it seems like rubbing it in to engage Mr. Cleveland's former solicitor general to prosecute crooked employees of the postal service who were also appointed by Mr. Cleveland."

**The state horticultural society** will hold their annual meeting in Fremont July 28 and 29. Among interesting subjects to be discussed is "Orchard Interests in the Platte Valley." A display of horticultural products of the state will be on exhibition.

**The delegation of German agriculturists**, whom the Kaiser sent to study farming conditions, and who passed through this city a few weeks ago, returned from a six weeks' tour of the west and are now in New York. They have obtained much information and will make an exhaustive report to the emperor on their return.

**IRA D. SANKEY, the evangelist, is now** hopelessly blind. Mrs. I. A. Sankey, his daughter-in-law, said: "The last specialists we could obtain have examined Mr. Sankey and all agree that his case is hopeless. The optic nerve has been entirely destroyed." This trouble has been growing on Mr. Sankey for the last two years as a result of an attack of trachoma.

**A resolution of New York have adopted** a resolution asking that Decoration day be changed by statute from May 30 to the first Sunday in June. The purpose is to prevent the loss of the day by the giddy and unfeeling youth of the country as a jolly holiday instead of turning their minds toward the more sober reflections that Memorial day was meant to inspire.

**A DISTRESSING accident occurred last** Thursday in Fremont when the 7-year-old son of Mr. and Mrs. Ed. Brown was run over and almost instantly killed by a Union Pacific freight train. Four wheels passed over the body and but for skin and a little flesh, severed the body just below the ribs. The remains were taken to Genoa for burial, the former home of the father.

**THE democratic Philadelphia Record** says: "The democrats of Iowa, who in the opposite line of Devery are 'touch-in' on and 'appertain' to the peculiar stamping ground of the great Nebraskaan, have refused to renew their endorsement of the 16 to 1 platform of 1896 and 1900. It begins to look as if the east, the north and south may manage to get together in the next national convention. Iowa has made a good start."

**SUPPLY WORTHMAN of Cass county** has directed to the voters of the various school districts of his county a communication calling attention to a problem of vital importance, the scarcity of teachers. He attributed the present condition to the matter of wages more than anything else, showing that in many instances common farm laborers receive more pay than do the teachers in the rural districts. The same story of more schools than teachers is reported all over the state.

**THERE is really no populist party in** Nebraska. Whatever there was of principle in the organization at the start has been surrendered to the democrats for the sake of the offices. Those who are keeping alive the populist organization are politicians, as a rule, who hope to profit by trafficking in the votes thus controlled. Until the populist party gets into the control of men who are willing to stand up and be counted for principle regardless of the spoils it will not be more of a factor in politics.—Norfolk Press.

**An exchange tells us that over in the** Philippines the native bands are taking up with some of the American sin that impress them favorably. Of course they do not know the words to the music and often make ludicrous mistakes, playing the most out of place selections. Recently at a reception to Governor Taft, the native band struck up the air, "Good Morning, Carrie," just as the governor came on the platform. And again when a prominent native died the band played at the funeral and the Americans were astonished as well as amused to hear the strains of "There'll be a Hot Time in the Old Town Tonight," played in solemn and dignified style.

**A UNIQUE MAP.**  
Growing on six acres of a gentle south-sloping hill at the Louisiana Purchase Exposition, St. Louis, is the largest geographically correct map ever constructed. This map is 480 feet long from east to west and extends from north to south 240 feet. This map of the United States is the main feature of the large open air exhibit by the bureau of plant industry of the department of agriculture.

**A belt of blue grass lawn 20 feet wide** establishes the boundary and coast lines of this gigantic map. The boundary lines between the states are marked by cinder and gravel paths three feet wide. The states themselves are to be planted in growing crops of the principal agricultural products of the state. The cinder and gravel walks serve as promenades, and are of sufficient width to permit the free passage of visitors. Thus a labyrinth of passage ways is created and the visitor may wind his way through the maze and see by actual demonstration just what crops are grown in every part of the United States and how they are raised. Not only will the products of each state be shown on this map by growing crops, but the section of the state on which each commodity is most grown will be shown. Thus on the small plot of ground that represents one great state will be found a score of different crops growing.

**While the arrangement of the exhibits** in the form of the monster map will fascinate the eye more quickly and will challenge the admiration of every visitor to the fair, the agriculturist and horticulturist will find in the exhibits surrounding the map other exhibits of equal interest and importance. The department of agriculture will also have displays showing the method of treating diseases of plants, plant breeding, school gardens, grasses both native and cultivated, seeds, cereals, poisonous and medicinal plants and many other displays of educational interest.

**The Denver Times** says of the accident which happened to ex-Congressman O. M. Kom and family at his home at Montrose, Colo.: The family of O. M. Kom, former congressman from Nebraska, and the hired man were poisoned yesterday noon and are not out of danger yet. Meat cooked in a kettle in which arsenic and lime had been mixed for spraying caused what may yet be a fatal accident. Eleven people were affected. Drs. Schermerhorn and Allen were called and this morning report the sick resting easy, but not out of danger. Dr. Schermerhorn stated the kettle used was a porcelain vessel and had been used six weeks before. Mrs. Kom desired to make a stew and her husband told her to use this kettle as there would be no danger. She first boiled part of the meat and then poured this water off, who no doubt saved the lives of the family and men.

**The Lincoln Journal** thus logically decides the position of Judge Sullivan: "It is settled that Judge Sullivan will be nominated for the supreme bench by the fusionists of Nebraska. It is settled that Judge Barnes will be nominated for the same office by the republicans. According to the more or less amusing World-Herald, the fact that there is no fight for the place among the republicans shows that the corporations have made the selection. Arranged in logical sequence it becomes something like this: When a man has no opposition for a nomination the railroad are behind him. Judge Sullivan will be nominated unanimously. Therefore, Judge Sullivan is the choice of the railroad."

**MEMBERS of the democratic and populist state central committees** held meetings in Lincoln last Tuesday. Both committees selected August 25 as the date of their conventions but the democrats selected Columbus on account of it being the home of Judge Sullivan, and because it was his wish, while the populists will meet in Grand Island. Some sentiment against fusion was exhibited. The populist committee agreed to settle the \$450 claim held against them by Mrs. Helen M. Gougar for \$250. There was no contest among the democrats against holding the convention in this city, and it is generally understood that the populists will nominate Judge Sullivan for supreme judge.

**At a meeting of colored people** held one night last week in Chicago to protest against lynching of the negro, David T. Wyatt, at Belleville, Ill., recently, Rev. C. H. Thomas, one of the speakers, advised his hearers that they should, if the hanging and burning of colored men is not stopped by the regular authorities, sell their coats and buy guns with which to defend themselves. Other speakers expressed similar sentiments and before the meeting had adjourned the negroes present were worked up to a high state of excitement.

**Omaha Christian Endeavorers' Day-light Special.**  
\$15 for round trip to Denver, Pueblo and Colorado Springs.

**The Union Pacific** has, by reason of its official route for the Omaha Christian Endeavorers' Delegation to Denver. A special train will be run for this delegation and all Endeavorers throughout the state are urged to join this train. A great *Anticipation Social* will be held on the way out.

**Arrangements have been made for** a delightful side trip into the mountains and also special excursion rates to Salt Lake City and other points at greatly reduced rates. The special train will leave Omaha Union Station at 7 a. m. July 8th, and arrive at Denver same evening. Tickets on sale July 1st to 10th, limited to August 31st. For more your tickets read via the official route. For tickets and other information see W. H. Benham, agent.

**Spectacular and costly display of fireworks.** The committee has secured a fine selection. It will be worth coming miles to see. They go up at 9 o'clock p. m. Reduced rates on all railroads.

**CARL KRAMER, Fred T. DICK, Treas., O. L. BAKER, M. C. CLARK, Geo. FAIRCHILD, P. J. HART, Executive Committee.**

**R. F. D. No. 3.**  
H. D. Clausen has adorned his house with a coat of paint.

**Henry Bargman** made an early trip to town Friday on business.

**Jessie Bimon** has been visiting friends at Ord, Neb., the past week.

**A. W. Thomas** is now one of THE JOURNAL's substantial readers.

**Fred and William Gooden** were on the South Omaha market last week with fat cattle.

**Henry Wilkens**, who is at a hospital in Lincoln undergoing treatment, is reported to be improving.

**Mrs. Ford Seefeld**, with four of the younger Seefelds, is visiting her mother Mrs. Ranz near Fremont, Neb.

**Wm. Lange** is improving his splendid farm by enlarging his house and adding some new furniture to the same.

**One of Max Gottberg's horses** became frightened one day last week, running into the wire fence and cutting himself quite badly.

**Mrs. May Swartley** has been at the bedside of her father Mr. Burns who is reported as being very sick, the past week, at his home near Onawa.

**ECHOLS & DIETRICKS, Columbus, Neb.**

**Omaha.** That is another advantage derived from the daily rural service.

**C. H. Sheldon & Son** have as fine a crop of timothy as we have seen since leaving our old Ohio home. They just sowed it on a crop of winter wheat last spring and dragged it in, and now it looks com on with a heavy stand and it looks magnificent.

**The marriage of Mr. J. F. Meyer** and Miss Geesee E. Kunemann will take place at the Loocke church on July 2 at 10 o'clock a. m. Rev. Freeze conducting the ceremony. Mr. Kunemann is one of route 3's large and substantial farmers. Success to our young friends.

**The carrier on this route** is indebted for strawberries found in Dietrich and Fred Behlen's mail boxes; they were the first we have seen so far this season. One berry in Fred Behlen's box by actual measurement was 6 1/2 inches in circumference. They are harvesting a very large crop, marketing them in Columbus and Platt Center.

**District 44 and vicinity.**  
Honey bees are putting up nice stores, at this time, from the white clover blossoms.

**In having and harvest, work** with a sharp knife; never allow the sickle to come when dull.

**Mrs. Gna. Benning**, who has been under treatment at St. Mary's hospital for a time, was able to return home Saturday.

**Again on Monday morning** great trains of wagons could be seen winding their way to Columbus loaded with fat hogs for the market, where \$5.25 was being paid.

**Of course every person** is going to Columbus on the Fourth and it is hoped by some that the shooting of revolvers, etc., prominently among the throng of people will be prohibited.

**A few fields of rye** will probably be cut before the 4th. Winter wheat in some fields is turning and will probably be cut immediately after. We also notice some fields of a new variety of early oats that will be ready for the sickle as soon as the winter wheat.

**Mikey Johnson**, a lad about 12 years old and son of T. H. Johnson living about four miles northeast of the city, had the misfortune of breaking his leg last Saturday morning while climbing a pole in the barn and over a young horse. He fell to the floor and scaring the horse, which trampled on him, with the above result.

**Last Friday afternoon** as Burt Stevenson, who lives in Richland precinct, Colfax county, was making a quantity of quick lime in a large bucket, he ran short of water for the purpose, when the confined steam in bottom exploded, throwing the boiling lime into his face and burning him about the eyes pretty badly, which has been very painful.

**Telephone service** is working out this way slowly; coming east from main line, it has reached the M. K. Turner residence, Carl Rohde's farm residence and the farm of Fred Stenger, and of course it is supposed that the end is not yet. Telephone service is good and all right, because talk is cheap, but rural free delivery of mail is the greatest blessing that has struck the farming community since Adam ate the apple.

**Rev. and Mrs. Luce** and Miss Winnie Young leave today (Tuesday) on a trip to Boston. The two first named will remain in Maine about one month, and Miss Young will visit in Canada the balance of the summer.

**The Value of Solitude.**  
Solitude, the safeguard of mediocrity, is to genius the stern friend, the old, obscure shelter, where molt the wings which will bear it farther than sun and stars. He who would inspire and lead his race must be defended from traveling with the souls of other men, from living, breathing, reading and writing in the daily time worn yoke of their opinion.—Emerson.

**Better Than Art.**  
"Yes," said D'Auber, the artist, patronizingly, "I'm selling my canvases now at my own prices."  
"You don't say?" replied Sharpley, whose works had not yet caught on.  
"Yes, indeed. I suppose you'd give a good deal to be a great artist."  
"No, indeed. I'd rather be you."—Exchange.

**Quite a Different Thing.**  
Naggy—Would you regard it as immodesty in a man to speak of his own good looks?  
Waggy—I would, it depends. If it were you I should call it plain lying.—Exchange.

**Painfully Matter of Fact.**  
"If a fairy should appear to you and offer you three wishes," said the imaginative young woman, "what would you do?"  
"I'd sign the pledge," answered the matter of fact man.—Washington Star.
